Sir:

SUBMISSION OF DECLARATION AND POWER OF ATTORNEY DOCUMENTS

Applicants submit eight separate Declaration and Power of Attorney documents, each signed by one of the eight inventors. Please replace the originally-submitted Declaration and Power of Attorney document (the "Original Declaration") with the enclosed new declarations.

The Original Declaration was submitted to the United States Patent and Trademark Office in this application on March 25, 1996, along with the Reply to Decision Granting Petition/Notice to File Missing Parts and Transmittal of Assignment Under 37 C.F.R. 1.331 ("Reply"). Subsequent to that filing, the undersigned was informed that that the Original Declaration had been reconstructed by taking multiple signature pages from different declarations and attaching them to a single cover page. Debra Hickey, an employee at Amgen Boulder who coordinated the preparation and signing of the

declaration documents, informed the undersigned that she understood at the time that she could reconstruct the declaration with the single cover page that was common to all of the declarations and the multiple signature pages. Thomas Zindrick, the attorney at Amgen who signed the Reply, which submitted the Original Declaration, informed the undersigned that he was not aware that the Original Declaration had been reconstructed when he signed and filed the Reply on March 25, 1996.

In an abundance of caution, to assure that the declarations on file in this application are in the condition in which they were signed, eight new declaration documents have been signed and are enclosed.

If there are any other fees due in connection with the filing of this response, please charge the fees to our Deposit Account No. 06-0916. If a fee is required for an extension of time under 37 C.F.R. § 1.136 not accounted for above, such an extension is requested and the fee should also be charged to our Deposit Account.

Respectfully submitted,
